## Common Ground: What Protestants and Catholics Can Learn From Each Other

Kensington Community Church

OCD 360.1

Documentary

2006

DVD

110 minutes

Part of a Series

Not a debate, the revealing conversation between two leaders of large churches has created a following of thousands around the world of both Protestants and Catholics. The attraction is the objective, rationale, and graceful role modeling that these two men demonstrate in their attempt to discover the great common ground between their two faith traditions. Absent are the misunderstandings, misrepresentations and fallacious language that so often surrounds such conversations. Both Catholic and Protestant theologians have endorsed it.
